

AT LAST: 59.9 Million American Women With Ticking Time Clocks Are Praying For a Solution To THIS Problem...Now, YOU Can Give It to Them...

According to Sam Roberts of the New York Times for the first time in history there are more women in the US living without a husband than with one. They tally the number of single women to be 59.9 million in the United States alone. Further evidence suggests this is occurring WORLDWIDE.

But I am getting ahead of myself...

Last year I realized that I wanted help even more people than I could with Magic of Making up. Even though with the help of my valuable affiliates and partners we've helped thousands of men and women in 77 countries around the globe AND sold nearly \$5 million in product by helping folks get back together after a break up or divorce.

...I felt compelled to create something that could help even MORE people.

Could I find an even larger, hungrier crowd out there?

At first...

I didn't think so.

I pondered. I racked my brain. I turned the idea over and over in my mind.

MOMU is for people who have just experienced a breakup AND want to get back together.

Then I started pouring over emails to and from folks that I had helped out who were going through hell and back.

And I again noticed a peculiar, but common thread.

I noticed it before, but not like today.

Many of the emails I get are from women, men write in too, but not like women, they feel more comfortable talking about "relationships".

As I was going through the emails again...I again notice that a MAJORITY of breakups started by men are when he gets cold feet about moving forward in the relationship.

My AHAAAA Moment!

My epiphany...

Was sometimes he gets “cold feet” on the very first date...sometimes it’s months or years later and anywhere in between.

Either way...the relationship severs abruptly when a man FEELS like he’s being pressured into moving farther and faster than he’s comfortable with.

What I realized was that because men CAN’T explain what’s going on inside of them very well...and most women don’t understand what to do with a man who won’t open up. I could step in and provide not only the insight women are desperately trying to understand, but teach them a non-pushy, non-manipulative way to inspire men in their lives to WANT to move the relationship forward all on their own.

Starting from the very first “hello” and showing her how to attract and inspire him in ways that pierce his “Masculine Avatar” and touch him deeply into the core of what makes him a man.

When that happens...a man “takes over” the forward movement of the relationship all on his own.

I use the metaphor of a traffic light by saying this is when a man “goes green”.

Any man who is NOT moving the relationship forward on his own is “yellow” or “red”.

Millions of women are in relationships which she feels is standing still. Stalled out if you will?

Millions more can’t seem to get a relationship off the launch pad.

When you watch the Video Sales Letter you’ll fully understand.

At Last! New Video Reveals Why Men Pull Away...

And In A Few Minutes, You'll Find
Out How This Magic Traffic Signal
Can Win Virtually Any Man's Total
Devotion And Enthusiastic
Commitment To You And Your
Future Together...

**Your New Market Numbers In the TENS of Millions and Will Be
Even Larger In the Future...**

Millions upon millions of women are burdened with one of the most painful problems and dilemmas she'll ever experience.

"How do I get a man to not only love me, but WANT to commit and have a future relationship WITHOUT turning into a pushy, manipulative WITCH?"

Do you fully understand why this is so painful?

Because she's with a man she is attracted to/in love with and she WATCHES him pull away, but doesn't know what to do.

It's painful when he pulls away on the first date, more painful when they've dated a few times and he stops calling.

It's excruciating if they've been casual and he starts becoming distant.

And it's sheer agony, when she's been with a man for years who will not commit to marriage.

I want to help all of them. Through every stage of their relationship because much of the time if a relationship is started “right” a lot of pulling away and cold feet can be avoided in the future.

There are so many products out there targeted at helping men start a new relationship.

Huge Market with A Desperate Problem, But Almost No Solutions Exist...UNTIL NOW...

But there are so few products out there to help women.

And I already knew women were **DYING** to know how to solve this problem because my open rates go into orbit and replies flood in whenever I give advice on this topic.

So I decided it's time to fill another GIANT hole in the market.

There are a couple of products out there right now but NONE of them are practical and SOLVE the problem.

Plus...and this is VITALLY IMPORTANT.... Much of it is based on theory BECAUSE most of the books are written by one author.

Why is that a problem?

Well...

It's the problem I had as I thought about putting together a system that would solve this problem for women once and for all.

I've been with the same woman for 16 years and happily married, but what do I know about today's dating scene?

I mean...I know a TON about human bonding, social science and having a happy relationship long term.

But I wouldn't know the first thing about filling out an online dating profile...and sexting? I tried that with Jeannie. She thought it was the funniest thing she ever read...LOL.

I Couldn't Do It Alone Though...

So I decided to go on a hunt and find someone who's an expert in the dating industry. So I went and found THE master of being single. One of the top pickup artists in the world, A guy who has approached and talked to over 35,000 women and sees dating as a SCIENCE.

He's sent more texts to ONE WOMAN than I've sent in my whole life...to EVERYONE☺

This life changing solution should be based on PROOF. Not just concepts.

So I found the guy with the #1 site for Get a Girlfriend.

Hey if a guy's #1, he's there for a reason.

So I linked up with Jonathan Green, A dating coach who's been teaching men how to date the women of their dreams for YEARS.

And I convinced him to combine his knowledge of how to be single with my knowledge of how to be married.

Imagine...

A solution where a guy whose ENTIRE career revolves around deconstructing women in dating is willing to cross to the other side and reveal **EXACTLY what men are thinking at every phase in the dating process.**

So we teamed up and AFTER 10 MONTHS we gave birth to life changing material with TONS of stories from his own dating misadventures.

The brilliance of this product is that it can help women at EVERY STAGE of their dating life, from single to married.

Can you see how your target market has EXPLODED!

How does that sound?!?!?

A Mission Was Born...and THE BIGGEST Marriage Movement In History...

Because I've been incredibly fortunate to understand the human soul which has helped me write copy which sells truckloads of product and make incredible connections with people...the financial end of business is just a fun game to me...merely a way to keep score.

I want to do something EPIC!

I want to change millions of people's lives for the better, INCLUDING YOURS.

Here's how...

What if there was a way to not only solve one of woman kind's most pressing problems AND trigger her natural desire to be a part of something?

Something so big and important...she'd want to tell all of her friends?

To make her experience something deeper and much more fulfilling than just "buying a product".

So I've challenged myself and Jonathan...to help ONE MILLION WOMEN get married.

Million Marriage Mission

I'm calling it the **Million Marriage Mission**. And I've researched and this will be the BIGGEST marriage movement in history.

And now I'm asking for your support?

We want you to be a part of this....

We want you to feel like you're a part of something that matters. Something that people will remember. Wouldn't it be nice to promote a product that helps people and makes the world a little bit of a better place?

Wouldn't it be nice to promote a product that actually works?

Jonathan combined years of dating experience with his blood, sweat and tears. And I added in 16 years of successful marriage experience. This is a product that people will be talking about for years or even decades to come.

We want you to be a part of our movement -Our MISSION. We are going to change the world and we need you with us!

The rewards will be IMMENSE...financially and emotionally.

Because as our movement and mission get bigger and bigger, the sales will be even easier.

Tips to Help you Make MONEY Promoting Girl Gets Ring

The sales page is located at <http://girlgetsring.com/videopresentation>

Your affiliate link will look like this. <http://xxxxx.girlring.hop.clickbank.net>

Make sure to change the xxxxx to your Clickbank ID.

1. The first thing you should do is sit down and watch the ENTIRE sales video. There's a reason it's so long. It's FILLED with content. You can use that to your advantage to pre-sell and increase your conversions. You can just tell people that it's a great training. Really! I teach my butt off in the VSL and the women get "aha moments" which stokes desire for MORE.
2. Articles and Squidoo lenses work GREAT! In fact, there is so much traffic in the relationship area at ezinearticles.com that those articles make sales before they even hit Google. I have an article writer that I pay several hours a day just to write articles for this niche.
3. Social sites like Facebook, Myspace, Meetup, etc...ROCK for GGR. Many are in a demographic where relationships are more tumultuous. In other words, a college girl is likely to get dumped a couple times in 4 years...where as a 40 year old woman, is SUPER passionate about finding and KEEPING her Mr. Right. Make sure you match your ads to the proper demographic. (more training on this soon) There is HUGE TRAFFIC on social sites you can get not only free, but once you have that tweaked...you can place ads on those sites as well, which can drive UNLIMITED amounts of traffic.

HOT BUTTONS: Press Gently and Watch Cash Materialize

There are some KEY hot buttons you can push in your ads and copy.

GGR's unique selling proposition USP is...

The Girl Gets Ring System Is The First Non-Pushy Method Ever Created That Allows You To Stop Wasting Your Precious Time And Gain Virtually Any Man's Total Devotion And Enthusiastic Commitment To You And Your Future Together...

IMPORTANT: Use empathy. Be Caring.

Hot button: Stop Wasting Time. One of her core and primal motivators is her "biological clock". If she is still searching for her soul mate she fears she'll never find him while she's "young". If she is with a man, her time investment with him magnifies the persistent clicking of her internal clock.

Hot button: Non-Pushy. No woman starts out trying to "push" a man. What happens is she starts to feel him become distant or pull away. Because nobody has taught her to deal with this...she automatically reacts. Her reaction has several negative consequences.

Usually her reaction pushes him away further. Often this leads to "more scheming or ultimatums" with the same negative reaction from him.

In the rare cases where he seems to respond, she then feels like he's capitulating out of a threat. Ultimately, this leaves her fearful because what she really wants is his devotion and commitment BUT on his own accord.

In other words, no woman really wants to "drag" her man to the altar.

What she REALLY desires is his **(hot button)** ENTHUSIASTIC COMMITMENT and devotion to her.

You may think these hot buttons only apply to women already in a relationship, but actually they apply along every stage of the relationship.

For example: After a first date which goes well, it is crushing for a woman not to receive any communication afterward. Some women will initiate contact, but most feel "crappy" about it afterward.

Hot Button: Many women secretly fear that they don't "deserve" a healthy relationship. Truth is every woman is deserving of a loving and supportive relationship. She may not be ready yet, but she deserves a fulfilling relationship. Gentle reminders to allay her fears will nourish her soul.

Hot Button: Women feel like they put in all the effort into a relationship while he puts in very little. The underlying desire is "How do I get him to WANT to contribute?"

Hot Button: Millions of women want to understand "Why do the men I am attracted to treat me badly, while men I'm not attracted to treat me like a queen?"

Take Action Now...

As your sitting here reading this and just about to finish this report you can be sure there will be some folks who take massive action and change their financial futures forever...taking advantage of this huge opportunity and the team of me and my people standing by to help.

Others...will just close this report with good intentions...and sit on the bleachers while the real players in life make all the exciting plays and reap the rewards.

The bleacher crowd always keeps their uniforms safe and clean, but always misses out on the fun, excitement and financial rewards which inevitably come with playing with heart...passion and coming home with a grass stained uniform.

Will you sit in the bleachers?

Or join me in the field? Wearing every grass stain as a badge of honor?

Only you can decide.

If you send half way targeted traffic, you stand a very good chance of making money. (In my 8 years of doing IM, I have not found too many niches that are hungrier)

If you are on shoestring, start with a Squidoo lens doing some basic keyword research. Then branch out to ezinearticles.com, hire some article writers, get a blog up, then ppc and other paid advertising (Facebook ads!!!). Keep on rolling it out is the key.

You can do \$100 a day...or \$1000 a day...it's up to you. The traffic is there. My word is the traffic there. The need is there. I am giving you a PROVEN product...with proven success.

Listen...

\$1000 is just 28 sales.

Which means if you drive roughly 600 to 800 visitors a day to your Clickbank Hoplink...you could see yourself reaching that target.

I have affiliates already doing \$100 a day with just ONE little site with LESS than 100 visitors a day.

I would love to just give everyone a copy of the product. I don't think that would be the smartest thing for me to do though for many reasons.

But... Here's what I will do...

If you sell at least one copy...email me your Clickbank ID...and I will send you the GGR free.

I want to help you in every way I can, but many just won't do anything with this info.

You know what I mean?

travis@girlgetsring.com

Put YOUR AFFILIATE as subject.

I want to help as many affiliates as I can get to \$100 a day...then \$500 ...then \$1000 a day.

And look...

This traffic is NOT going away. It is like the diet industry...women will ALWAYS want to know how to ATTRACT a supportive, loving and strong man and how to KEEP him close to her.

And if she feels like he's becoming distant or pulling away, she'll be extremely receptive to understanding WHY and how she can "bring him back".

In short, millions if not billions of women, want to get married! Millions of women are still looking for Mr Right. Millions more are already with Mr. Right, but he's afraid of becoming Mr. and Mrs. Right☺

Today...with relationships becoming more "casual" than committed...with popular terms such as "Friends With Benefits"...good women are frightened that marriage may be a dying institution.

Let's introduce her to Girl Gets Ring and our Million Marriage Mission. How awesome will it feel to help AND earn a lucrative income at the same time?
